LIBRARY REPORT

We respectfully present the following report of the Barnstead Free Public Library for the year 1931:

Sixty-one books have been purchased and placed on the shelves. These were selected with care from the best and popular authors, as Lincoln, Zane Grey, Grace L. Hill, Grace Richmond and others.

Books have been given by friends. James Bodge, Mrs. John Golden, Mrs. Avis Tucker Chagnon each gave one book. During book week there was a display of attractive new books for inspection. It has not been necessary to make any extensive repairs on the building the past year but a few minor things have been done like fixing the chimney, repairing the roof, buying new pipe for the furnace, painting the fence, etc.

The lawn was mown and well kept during the summer. In the fall a coat of dressing was applied to enrich the soil.

The celebration of the Two Hundredth Anniversary of the Birth of George Washington began Feb. 22, 1932, and will continue until Thanksgiving Day, November 23, 1932. It is highly appropriate that in this year we should bring the attention of our children to the high qualities of the Father of Our Country. George Washington believed in education and became well educated although he did not have the opportunities or privileges which we enjoy. The library is equipped with books whereby the young people may gain better knowledge of the fame and greatness of Washington whose name has come down to us in history.

The library will be open Tuesday and Saturday afternoons from 2 until 5 o'clock and Saturday evenings from 7 until 9 except holidays.

MYRA A. GEORGE,

Librarian.

Mrs. CARRIE A. SEWARD,

MERTON JENKINS,

FERN KELLEY,

Library Trustees.

School Board.

Center Barnstead, N. H.
January 26, 1932.

To apply for state aid \$5,071.13 must be raised for elementary schools.

The total amount recommended to be raised this year, \$8,511.00, is \$762 less than was raised last year and is less than any amount raised since 1922.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Barnstead School Board and Citizens:

Herewith is submitted my ninth annual report as superintendent of schools.

TEACHERS

No changes in the teaching force occurred during the last school year and only one at the end of the year, and that was caused by Miss Aldrich leaving as principal of the Parade school to accept a more desirable position in Walpole. Miss Jesseman, who took her place, is a graduate of the three-year junior high school course at Plymouth Normal School. The following is a list of the teachers for the present school year and their respective positions.

<i>Teachers</i>	<i>School</i>	<i>Present Enrollment</i>
Beulah M. Jesseman	Parade, Grades 5-8	23
Elizabeth R. Golden	Parade, Grades 1-4	19
Merial A. Smith	Center, Grades 4-8	28
Bertha A. Royce	Center, Grades 1-3	29
Jean A. Skinner	South	12
Doris M. Carpenter	Beauty Hill	19
Flora I. Ide	Dennett	7
		<hr/> 137

Because of the lack of pupils the Locke's Corner School was not opened last fall.

PROMOTIONS

During the school year ending June 30, 1931, 116 pupils were promoted to the next higher grade and six, or 4.9 per cent, failed promotion. This rate of failure was well below the state average of 6.7 per cent.

The following fifteen pupils received certificates of admission to high school in June: Leo Bergeron, Amelia Bunker, Dorothy Canfield, Evelyn Cleveland, Margaret Cleveland, Wilbur Crossett, Lester Dame, Willard Hanson, Madeline Hill, Alois Jenisch, Dorothy Kidder, Vida Littlefield, Ethel McAllister, Harrison Thyng and Earle Yeaton.

Twelve of these fifteen pupils are attending high school.

HIGH SCHOOL PUPILS

Thirty-five Barnstead tuition pupils, as compared with twenty-seven last year, are attending secondary schools as follows:

Alton H. S.: Casper and Walter Hillsgrove.

Farmington H. S.: Wilson Hier.

Pittsfield H. S.: Earle Bennett, Amelia Bunker, Dorothy Canfield, Mabel Cate, Constance Chandler, Helen Chandler, Evelyn Cleveland, Roland Cleveland, Stanley Cleveland, Frances Clough, Wilbur Crossett, Dorothy Dennett, Marjorie Dennett, Mildred Foss, Ralph French, Willard Hanson, Maurice Heath, Madeline Hill, Alois Jenisch, Elizabeth Jenisch, Richard Jenisch, Rudolph Jenisch, Doris Kenison, Dorothy Kidder, Ethel McAllister, Rebekah Swain, Richard Tasker, Charles Thyng, Harrison Thyng, William Winkley, Farlon Welch and Earle Yeaton.

As only six of these pupils are seniors and there are at present eighteen in the eighth grade in town, it is likely that there will be at least forty pupils in high school next year and that at least \$2,750 will be needed for high school tuitions.

ROLL OF HONOR

The following nine pupils (two more than last year) were neither absent nor tardy during the last school year: (4) Marjorie Bennett, Ellena Foss, Paul Golden, Beatrice Gray, (2) Grace Gray, Marion Gray, Alfred Jenisch, Harold Kidder and Lloyd Kidder.

A figure before a pupil's name indicates the number of consecutive years he has had perfect attendance.

STATISTICS FOR THE SCHOOL YEAR ENDING JUNE 30, 1931

Number of pupils registered	140
Average number of half days schools were in session	355.9
Average membership	124.43
Average attendance	118.83
Per cent of attendance	95.50
Average number half days each pupil was in school	339.88
Pupils not absent nor tardy	9
Cases of tardiness	178
Average number tardinesses per pupil	1.4
Non-resident pupils	2
Pupils transported at district expense	16
Visits by superintendent	161
Average number visits by superintendent	
per teacher	20.1
Visits by citizens	17
Visits by board members	9
Meetings of school board	11

These figures show an appreciable improvement in regularity of attendance over the previous year and an increase in

the number of pupils in school and in the number of days each child was in school.

MAJOR ACCOMPLISHMENTS SINCE LAST REPORT

1. Adoption of a modern system of reading for the first grade. The new system was tried out in the Pittsfield village schools last year with such highly satisfactory results that it was selected for adoption in all rural schools in the fall of 1931. The progress being made by these little folks in comparison with that of former classes is very gratifying.

2. Adoption of new social science textbooks for the date seventh grade to replace the old badly worn out and out-of-date geographies. I believe these books are making the most valuable contribution to the proper development of future mature citizens of any books I have ever known to be used in any school.

3. Adoption of new fifth grade American history textbooks which meet the recommendation of the state program of studies. The vocabulary of these books is very carefully graded so that even the slower pupils can readily understand them. Pupils have continually commented on how interesting they are.

4. Artificial lighting in the Center school. Many valuable hours of regular school work have been saved during the dark days of the fall and winter terms to say nothing of the great relief to pupils' eyes.

5. Intrduction in all schools of a system of music instruction, both singing and appreciation. A set of music books incorporating the very latest ideas in rural school music was purchased together with parts of three sets of correlating phonograph records and a portable orthophonic victrola. Because of the lack of funds the new phonograph and one case of records has to do for all three of the one-room schools. Next year the second parts of the three sets of records should be procured to make the sets complete. The children are greatly enjoying the new subject and are learning much that will make their lives more pleasant and beautiful.

LOOKING TO THE FUTURE

It seems to me that no major educational problems face the citizens of Barnstead. I believe all the urgent special needs of the schools in the immediate future can be met with comparatively small expense. It may be helpful to mention a few of the things that should receive attention in the near future.

I have already spoken of the need next year of three more cases of phonograph records.

To provide for the proper physical development and health of all children is one of the main functions of the modern school. To help in meeting this objective some physical education equipment should be purchased. If only a few dollars are used each year for this purpose, it will not be long before all schools are fairly well equipped.

Also for the sake of the health of the pupils and teachers the toilet facilities at the Parade, Center and South schools need alterations and repairs.

The painting jobs begun at the Center and South schools should be completed next summer.

The electric lights at the Center school have proved so satisfactory that plans should be made to wire the other school-houses where electricity is available.

CONCLUSION

With grateful appreciation of the cooperation I have received from the school board, teachers, pupils and other citizens this report is respectfully submitted.

Supervisory Union No. 49.*
